*Dear Deb and Dave,*

*Thank you so very much for holding yet again another food drive for the Jubilee Cupboard. Oh my goodness-so much food and such a variety! You have outdone yourselves again! As always, please extend our thanks to everyone in the Beaver Lake community who is supporting our pantry in this wonderful effort. Rarely does a week go by without a new family coming to the Jubilee looking for help with food and as the number of families visiting our pantry grows, our resources are stretched ever further making donations such as yours more important than ever.*

*During this chaotic time, as families face so much stress and uncertainty, we remain a source of constancy and assistance for them. As the families we serve thank us for helping them, I am keenly aware that they are really thanking you, and all those whose compassion and generosity make our work possible.*

*Sincerely,*

*Cheryl A. Vaughn  
Director, Jubilee Cupboard*

*You are such a blessing!*
